DOCUMENT HISTORY

Review and Updated on

December 2022

I. Introduction and scope

The purpose of this document is to provide a transparency statement on the promotion of environmental or social characteristics and sustainable investments on the websites of A&G LUXEMBOURG AM, S.A. and its branches (collectively referred to as the "AIFM" or "Company"). This statement complies with the requirements of Regulation (EU) 2019/2088 ("SFDR"), specifically Article 10 which states that financial market participants must "publish and maintain the following information for each financial product covered by Articles 8(1) and 9(1), (2) and (3):

- a description of the environmental or social characteristics or sustainable investment objective;
- information on the methodologies used to assess, measure, and monitor these characteristics, including data sources and screening criteria for underlying assets;
- information required by Articles 8 and 9;
- information required by Article 11"

This statement aims to disclose the location of this information for the AIFs designated as an Article 8 or Article 9 product under SFDR.
